## *History of the Common Council of the City of Indianapolis*

Indianapolis was established as a town in 1821. It was at this time that a commission, appointed by the legislature, selected this location as a site for a seat of government of the State of Indiana.

The town of Indianapolis conducted its affairs pursuant to the general laws of the state until 1832. In this year the town was incorporated and was governed by a board of five trustees.

In 1838, pursuant to a special act of the legislature, Indianapolis was re-incorporated and placed in the hands of its first town council composed of a president and six members.

The common council continued in a large measure to control the affairs of Indianapolis as a town and as a city under various so-called charters or grants of the legislature until 1891.

Under a special act of the legislature of 1891 for the city of Indianapolis, a somewhat different form of government was established. While the council continued to exercise broad control over the city's affairs, various executive departments of the city were provided, such as Public Works, Public Safety, Public Parks and Public Health, conducted by boards appointed by the Mayor. These boards were granted specific powers and duties concerning the city's business previously exercised by the council through committees subject, however, in some cases to approval of the council in all matters of expenditure of money and appropriation of funds by the council.

For some time prior to 1891 the City of Indianapolis was divided into 25 wards represented by 25 ward councilmen. Their term of office was two years and they were eligible for re-election. At this time there was also a separate body operating in conjunction with the council called the Board of Aldermen, composed of ten Aldermen, representing five Aldermanic districts, two being elected from each district.

Under the 1891 act the Board of Aldermen was abolished and a common council of 21 members was established. Fifteen members were elected to represent 15 wards and six members were elected to represent the city at large.

This form of council continued to exist in Indianapolis under the general cities and towns act of 1905. The act of 1905, while often referred to as the Indianapolis Charter, is very largely a re-enactment

of the 1891 Indianapolis Charter, modified to make the Indianapolis system applicable to all classes of cities of the state. The 1905 law increased the term of Mayor and councilmen to four years and prohibited re-election.

In 1909 a novel councilmanic law for Indianapolis alone was passed by the legislature. This law limits the number of councilmen to nine. The law provides for the nomination by each party of six candidates, one from each of six councilmanic districts. In the election all of the voters of the city may vote for any nine candidates and the nine receiving the highest number of votes are elected. This law insures a minority representation in the Council of at least three members. In 1949 the legislature amended the statutes to permit councilmen to succeed themselves.

To the Honorable President and Members of the Common  
Council of the City of Indianapolis, Indiana

Gentlemen:

Transmitted herewith are twenty-eight copies of Resolution No. 1, 1968, providing that residents in the area from 17th Street to 21st Street, Broadway and Park Avenue, be given an opportunity to participate in the planning of a Park in that area.

Respectfully submitted,

HAROLD J. EGENES  
Councilman

February 5, 1968

Honorable Richard G. Lugar, Mayor of the City of Indianapolis

Harold H. Kohlmeyer, Jr., Corporation Counsel

Appropriation Ordinance No. 5, 1968

The snow emergency appropriation ordinance for road salt and calcium, being Appropriation Ordinance No. 5, 1968, as amended, and passed under suspension of the rules during the January 15, 1968, meeting of the Indianapolis City Council, to take effect

“\* \* \* from and after its passage, approval by the

Mayor and publication as required by law.”

was not published in the manner required for publication of the budget, ten (10) days before public hearing and appropriation, as required by the Acts of 1919, Ch. 59, Sec. 200, as amended and found in Burns' (1961 Repl.), Section 64-1914, by Court interpretation applied to emergency appropriations, although no more total money would be spent for the current year than budgeted. (See: Johnson v. Lenz (1936), 209 Ind. 62 200 N.E. 249.)

Therefore, it is my opinion that passage of such appropriation ordinance under suspension of the rules was void.

HAROLD H. KOHLMAYER, JR.

cc: The Honorable Thomas Hasbrook, President  
Indianapolis City Council

The Honorable Marjorie H. O'Laughlin, City Clerk

President Hasbrook moved that the Council recess for Committee Hearings, seconded by Mr. Gorham at 7:50 P.M.

To BOARD OF PUBLIC WORKS, City of Indianapolis

Gentlemen:

Permission is requested to reinstall a switch track across Shelby Street by us and construct track in unimproved Louisiana Street from Shelby Street west to connect with existing track near Pine Street to serve Uniroyal and other industries in the City of Indianapolis, Indiana, all in accord with the attached plot plan;

NOW, THEREFORE, This agreement made and entered into this 28th day of February, 1968, by and between Pennsylvania New York Central Transportation Company of the City of Indianapolis, County of Marion, State of Indiana, party of the first part, and the City of Indianapolis, by and through its Board of Public Works, party of the second part.

WITNESSETH: That the party of the first part, being desirous of securing a permit for a right of way for a sidetrack or switch from main track through Shelby Street west and in unimproved Louisiana Street in the City of Indianapolis, which is more specifically described as follows: Starting on property owned by party of the first part east of Shelby Street and south of Bates Street connecting to existing rails left in place from a previous retirement, thence over an unimproved segment of Louisiana Street, a distance of approximately nine hundred (900) feet to connect with an existing track in the vicinity of Pine Street, hereby covenants and fully binds

itself, its successors, legal representatives and assigns, that, in consideration of the grant of the privileges and authority herein given, it will lay, construct, maintain and pay all costs and expenses either now or hereafter connected with said track upon the terms and conditions hereinafter set forth, to-wit:

(1) They shall be so laid, maintained, improved and kept in repair as to be safe for persons on foot, in vehicles or otherwise, and shall, at all times, be subject to the orders of the Board of Public Works of the City of Indianapolis, and to all laws and ordinances, adopted and enacted pursuant to the police powers of said city.

(2) Said track and switch shall be laid upon such grade as shall be established by said Board, and shall be put down under its supervision and to its satisfaction and approval. Said track shall be raised or lowered to conform to any grade which may, from time to time, be hereafter established, whenever so ordered, in writing, by said Board, and shall be made to conform in all respects with any ordinance passed by the Common Council, or with any resolution or resolutions made by said Board, for the elevation or depression of said track, or tracks; provided further that all the costs thereof shall be paid by the said party of the first part, who hereby waives any division of such costs as now or hereafter provided by any statute, or otherwise.

(3) The crossing where said track intersects, Shelby Street shall, at all times, be kept improved and in repair and free from obstructions or defects of any kind. No car or cars shall be permitted to obstruct such crossing or to be thereon except for such time as may be absolutely necessary in moving them back and forth, and they shall be at no time stopped or detained thereon in such manner as to obstruct public travel.

(4) Said party of the first part agrees, upon the written order of said Board, made for any cause affecting the interest of the City or the public welfare, to take up and remove said track, and upon said party's failure so to do, upon such notification in writing, of ten (10) days, to promptly pay the cost of having the same done, and the party of the first part hereby releases all claims for damages whatsoever that may arise by reason of such removal; and in re-

moving said track or causing the same to be done, said Board shall in no wise become a trespasser. Said notice shall fix a day for hearing before said Board where objections to such removal may be heard; but the decision of said Board shall be final and conclusive on the party of the first part who hereby expressly waives any right to have such exercise of discretion reviewed by any court.

(5) The party of the first part agrees to pave between the rails of said track and for eighteen inches on both sides thereof, to the entire satisfaction of the second party, and in case said tracks and pavement or either thereof shall be or become out of repair or in need of being reconstructed, or become in any way defective (of which fact the said Board shall be the exclusive judge), it shall be the duty of the said party of the first part to promptly repair, reconstruct, or remove same, failing in which, after notification in writing of ten (10) days, said Board may do or cause the same to be done at the expense of the said party of first part and for which expense and cost the said party of the first part shall be liable.

(6) The said party of the first part herein binds itself to hold said party of the second part and said city harmless from any and all claims for damages growing out of the existence, maintenance or use of said track, and to pay any judgment, with costs, that may on that account be rendered against the said party or said city, and also to pay all necessary expenses that may be incurred by said city in defending against such claims.

(7) Any violation of any of the provisions of this instrument by said party of the first part, or by any one for it or at its instance or with its permission, shall operate as an immediate and absolute forfeiture of the privileges and authority given or granted by this permit, provided, however, that the same may be terminated by said Board as hereinbefore set forth.

Said party of the second part by virtue of the provisions of an act of the General Assembly of the State of Indiana, entitled "An act concerning municipal corporations," approved March 6, 1905, and all acts amendatory thereof or supplemental thereto, and in consideration of the things hereinbefore set forth and upon the terms and provisions stipulated, hereby grants and duly permits said party

of the first part to exercise the right, privilege and authority to lay and maintain an additional sidetrack or switch across Shelby Street and in improved Louisiana Street, in the City of Indianapolis, all as shown by the drawing attached hereto, filed herewith and for greater certainty marked "Exhibit A."

Dear Mr. Hasbrook:

This will acknowledge receipt of your letter of July 25th and an enclosed copy of the 1951 Municipal Code pertaining to possession and sale of fireworks.

With reference to your inquiry regarding our policy in the future, we wish to advise that publicity will be given this area and every effort will be made to enforce this Ordinance.

Thomas C. Hasbrook, President

Indianapolis Common Council  
City-County Building  
Indianapolis, Indiana 46204

Dear Tom:

Due to the number of request for the future policy regarding fireworks, more specifically defined as pyrotechnics and recorded as Municipal Code 5-2401, pyrotechnics defined, 5-2402, possession, etc., of pyrotechnics prohibited and 5-3101, penalties for violations. The Indianapolis Fire Prevention Bureau with the cooperation of the Indianapolis Police Department will conduct an all out campaign to seize and destroy all pyrotechnics being illegally stored, sold or used in the city of Indianapolis.

The illegal possession and use of fireworks, smokebombs or other devices or compositions used to obtain a visible or audible pyrotechnic display is a threat to life and property. Smokebombs cause false fire alarm panic and the noise derived from fireworks, creates a nuisance disrupting normal procedure. The education of the general public, concerning this law will be made through the local news media and strict enforcement will be adhered to after this news release.

Respectfully,

DONALD E. BOLLINGER  
Donald E. Bollinger, Chief  
Director of Fire Prevention

7-401. Definitions. Pool table. The term "pool table" as used in this chapter shall mean and include all tables of any size the tops of which are surrounded by an elastic ledge or cushions, coin operated or otherwise, on which a game is or may be played where balls are impelled by stick or cue including all forms of the game commonly known as POOL or BILLIARDS.

Investigation, rejection, revocation, notification—Said Board of Public Safety, before issuing a permit for a pool room shall cause an investigation to be made into the character of the applicant or applicants, and the character of the general manager of said pool room and of the physical condition of the pool room itself. If after such investigation, said Board determines that any of the persons named in the application are not of good moral character, or that any of said persons have previously been connected with any pool room where the license has been revoked, or where any of the provisions of law applicable to pool rooms have been violated, or if the billiard room sought to be licensed does not comply in every way with the regulations, ordinances and laws applicable thereto then said Board shall reject said application. If said Board shall determine at such hearing that the pool room is being operated unlawfully or that any of the provisions of this chapter are being violated therein, or that the permit holder or holders are not of good moral character then said Board shall revoke the permit then existing.

7-405. Inspection.—Said Board of Public Safety may delegate to one or more police officers of the City of Indianapolis the duty of inspecting pool rooms. Such officers shall obtain information pertaining to the character of all applicants for permits, the physical condition of the place in which a pool room is located or is to be located and all other information required by said Board. Such inspectors shall investigate all complaints and at intervals inspect all pool rooms within the City of Indianapolis and make a report of such inspection and of all violations of this chapter in writing to said Board. Such inspectors shall also have the duty to inspect all pool tables for which a license is required by this chapter to determine whether a current valid license insignia is affixed thereto. 7-406. This section, however, shall not be construed to prevent the licensee or his regular employees from performing necessary work in the premises.

7-407. Persons Prohibited.—It shall be unlawful for any person who has not reached the age of eighteen (18) years to be present in a pool room unless accompanied by a parent or court appointed legal guardian, and it shall be unlawful for the operator of any pool room to allow any person under the age of eighteen (18) years to remain in a pool room, unless accompanied by a parent or court appointed legal guardian, for any purpose. Any person, partnership or corporation that is the owner or possessor of a pool table which must be licensed pursuant to the provisions of this chapter, shall obtain a license for each of said pool tables and pay an annual fee therefor to the City Controller, which fee shall be based on the number of pool tables located within a particular public place or place of public accommodation. Said fee schedule shall be as follows: For the first table, One Hundred

Dollars (\$100.00). For the second table, Fifty Dollars (\$50.00), and for each additional table Twenty-five Dollars (\$25.00).

7-410. Sanitation.—All pool rooms shall be kept in a clean, healthful and sanitary condition at all times and the Board of Public Safety shall have the power to determine if such room or rooms are so kept and for such purpose, when desired, have the assistance of the City Commissioner of Buildings and the Health and Hospital Corporation of Marion County, or its successor. If said Board of Public Safety shall determine that an unsanitary condition exists within a pool room it shall have the power to suspend the pool room permit for such premises until such sanitary condition is rectified.

7-411. Confiscation.—Any pool table which is subject to the provisions of this chapter and to which is not fastened a valid current license insignia shall be subject to seizure and confiscation by the City Controller, his appointee or any city police officer. Upon seizure and confiscation of a pool table it shall be delivered to the police property room or other place duly designated by the City Controller and there to be held for use as evidence on the trial of any person for violation of the provisions of this chapter if an arrest is made in conjunction with such seizure, and further until the licensee fee therefor is paid.

7-412. Penalty.—Any person or corporation who shall violate any of the provisions of this chapter, upon conviction thereof, shall be fined not less than Three Hundred Dollars (\$300.00), or imprisoned not less than thirty (30) days, or both.
